1. Executive Summary

In 2025, FastFeast Holdings demonstrated significant resilience and growth despite a challenging macroeconomic environment. We achieved a record Gross Order Value (GOV) of \$12.4 Billion, representing a 14% year-over-year increase. Our focus on operational efficiency and AI-driven logistics optimization has led to our first full year of positive Net Income.

Key Highlights

- **Revenue Growth:** Total revenue increased to \$4.2 Billion.
- **Profitability:** Achieved Net Income of \$142 Million.
- **Operational Volume:** Processed over 432 million orders globally.
- **Sustainability:** Transitioned 35% of our last-mile fleet to electric vehicles.

2. Operational Performance Metrics

Operational efficiency remained a core focus in 2025. By implementing real-time route optimization, we reduced refund rates associated with late deliveries and incorrect orders.

6. Strategic Outlook for 2026

Our strategy for the upcoming fiscal year centers on three primary pillars:

- 1. **Vertical Integration:** Expanding beyond restaurant delivery into grocery and pharmaceutical logistics.
- 2. **Subscription Growth:** Increasing our "FastFeast Gold" member base, which currently accounts for 60% of total order frequency.
- 3. **Automation:** Deployment of autonomous delivery robots in high-density urban campuses.
